

Packing elite 2 into Universal Carry Bag (MS2-CB)

Step 1 (Optional) Expand bag width by zipping around the bag extension. This will make fitting the elite 2 easier.

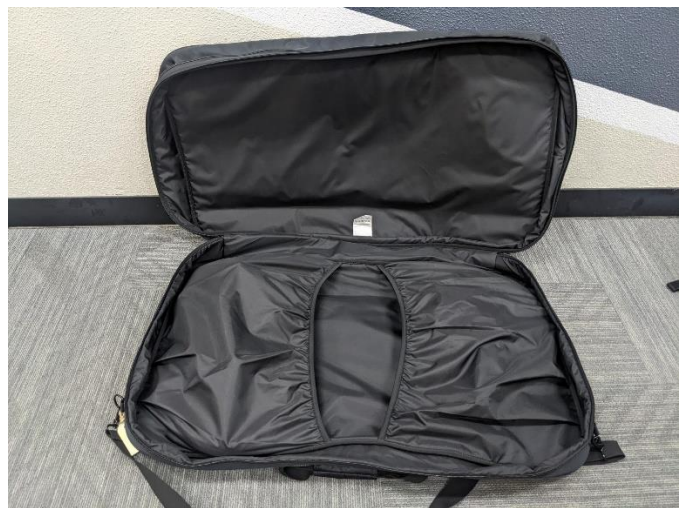

Expanded

Not Expanded

Step 2. Remove wheels and place inside wheel pockets.

Step 3. Place the stroller footrest down, with the handle positioned over the rear wheels. Ensure handlebar is aligned with the frame. You may need adjust the position of the wheels/stroller to get them sitting together neatly.
